## -MAGIA

La regolarità del cubo e l'irrazionalità del movimento creano questa Magia di luce.

La forma finale è data dall'interpretazione del cliente.

*The regularity of the cube and the irrationality of the movement create this Magia of light.*

*The final shape is given by the customer's interpretation.*

## -AURORA

La luce che sorge al mattino inaugurando un nuovo giorno.  
La sfumatura abbinata alla trasparenza del vetro come il chiarore che appare in cielo prima del sorgere del sole.

*The light that rises in the morning ushering in a new day.  
The shade combined with the transparency of the glass like the light that appears in the sky before sunrise.*
